This is where you create a title page for your country assignment. Maybe you could find a nice picture from your chosen country and insert it on this page.
Find a map of the country you are investigating and insert it on this page. Indicate where the Capital City of this country is. Hint: The DRAW tool will help you draw an arrow.

Where in the world is your chosen country located?

The Solomons are located southeast of Papua New Guinea and only three hours by air from Australia.

Capital: Honiara
This is where you will include some facts about the country you are investigating. Information about population, currency, language, religion, etc. The best way to present this is in a table. Hint: Use the insert menu to insert a table.

This would also be a good page to insert an image of the flag of your country.

Did you know

There are butterflies with 25 centimetre wingspans living in the Solomon Islands

The population of the Solomon islands is 581,318

People/Language
Religion: Christian
Language: English (Official), Melanesian Pidgin, plus 120 indigenous languages

Land
There are hundreds of islands, rugged mountains, volcanic and coral atolls

The national flag consisting of triangles of blue and green separated by a yellow diagonal stripe. In the upper hoist corner are five white stars.
This is where you can include some information about the economics of the country you are investigating. Is this a rich or poor country? What type of products are produced there? Do they grow things?

The Solomon Islands is a poor island because: they don't have much clothes, food, and housing due to the fact this is a poor country.

SOLOMON ISLANDS NATIONAL ANTHEM

God save our Solomon Islands from shore to shore,
Bless all her people and her Lands
With your protecting hands,
Joy, Peace, Progress and Prosperity;
That men should brothers be, make nations see.
Our Solomon Islands, our Solomon Islands,
Our Nation, Solomon Islands,
Stands for evermore.
Traditionally, Solomon Islanders believe that ancestors, although invisible, are still around.

Death is as important as birth in the Solomon Islands. When people are born, there is celebration. When they die, there is festivity to mark the passing away of a life. It is believed that when people die, they “take the next boat” to the other world.

The Solomon Islands Group were probably discovered about 5,000 years ago.
What types of clothing is worn by the people in this country? What has influenced their choice of clothing? Some pictures would be nice.

People in the Solomon island wear casual clothing unless they are playing sports or at a festival, and most people don’t have clothing.
What sports or activities do people of this country participate in?

Sports that people play in the Solomon island are: football, netball and volleyball.
What types of food are eaten by the people of this country. Provide a menu and some recipes of the country under investigation.
This is where you can investigate the culture of the country:

- What do the people in this country do for entertainment?
- What artistic things (e.g. theatre, art and craft etc) occur or have developed in this country?
- What festivals or major events occur in this country?
Give an example of 1 or 2 famous people from this country. What did they do? Why are they famous? See if you can insert a picture of them as well.
This is where you can add other information about the country you have investigated.
This is where you record your research on the issue you have investigated.

Law and order
The Solomon Islands suffered a breakdown of law and order between 1999-2003 as a result of government and anti-government tensions.
